Create Classic Thin Lined French Tips!

Create flawless thin French tips or fun nail designs in seconds!

Valencia, CA – March 1, 2010

Creating classic thin French tips is a timeless style that can be worn any time of the season with any fashion. Cina Nail Creations new nail art pen contains a fast drying formula that allows anyone to create nail designs over any nail color. The pen is equipped with a thin tipped nib to allow maximum control and draw precise lines for thin classic French tips or to perfect details to your masterpiece.

To use the pen, simply shake (with the cap on), depress the nib a few times on a paper towel until the liquid color starts to flow down the nib, slightly wipe and, voila, it's time to get creative! Be sure to have a clean nail plate before using the pen, this will allow for the maximum wearability. The new nail art pens are available at any local Sally Beauty locations. The new nail art pens are also available in 5 colors: red, pink, purple, black and a traditional white. The formula is a water-based formula so no need for acetone to clean up. Simply use a wet cotton swab to remove any mistakes or clean up lines with no damage to the dried polish! Top off and seal in your work of art with Cina Nail Art Topcoat.

Draw until your heart is content. Cina Nail Creations' pens are easy to use, create a new add-service and instantly position yourself as a Nail Artist. All products are made with the highest quality materials and engineered for brilliance, durability and ease-of-use. Get to know Cina Nail Creations Line art products by
