Cina Nail Creations 29120 Avenue Paine, Valencia, CA 91355

## Cina Nail Creations New Look for 2011

Cina has revamped the entire decal line image!

Valencia, CA – April 1, 2010

You may have noticed a few changes that have come upon us at Star Nail Products; one of the major changes is the over-hauling of the nail art decal packaging. Cina Nail Creations has come a long way in the past year with enhancements of the packaging design. The new re-vamped look is packed full of step-by-step and finished nail shots to give techs fresh new ideas as to what the nail art possibilities are!

Elaine Watson's talents have created versatility for the new nail art packaging, not only is she great at doing a photo shoot quality set of nails but she has the knack and the ideas to take Cina Nail Creations to another level. With the help from Elaine, Cina has primarily focused on the art aspect of the company and in doing so, she has enhanced the line with some additions to the Cina Nail Art line with some advanced pieces that is designed especially for the professionals. The complete repackage has over 30 skus and, in addition to that, there are 13 new skus added to the line!

"Our plan is to focus on the business aspect of nail art. I want to teach technicians how to make money; not just pretty designs,"(Elaine Watson). In 2010, Cina Nail Creations hopes to spark the attention of Nail Technicians around the world. Cina Nail Creations is carried in 2400 Sally's Beauty Supply locations nationwide; the high-grade rubber decals and nail pieces have made an innovative impact in Sally's stores. Get to know Cina Nail Creations art products by looking for the NEW dark pink slim package at your nearest Sally's locations.
