Tutti Frutti!

New Nail Art Pieces added to the Cina Nail Art Line

Valencia, CA – August 2, 2010

Fall fashionable nail art pieces can range from avant-garde to fun and flirty! This season Cina came out with two fresh new fun kits: Fruit Salad and Petal Pusher. With this array of Fimo nail art pieces they work for any time of the season, creating a work of art is available right at your fingertips!

The Colorfast pre-cut canes were specially formulated so the dye will not run after application of a top coat, acrylic, or gel on top of the pieces. Fruit Salad includes a variety of fruit-shaped pieces and the Petal Pusher collection contains an array of flowers, leaves and butterflies. These innovative nail art kits also features 1-application wooden sticks for easy pick up and to apply. Fimo is made of very thin polymer pieces so it can be applied over polished nails and locked in with a Cina top coat or UV gel seal seal; this also protects the nail art from everyday use. For a sophisticated style, encapsulate the nail art in acrylic or gel for a more permanent appeal.

Cina Nail Creations designs apply easily, create a new add-service, and instantly position you as a Nail Artist. All products are made with the highest quality materials and engineered for brilliance, durability and ease-of-use. Best of all, it's now packaged in assortments that work for the Nail Professional!
